

HANDS

36W 3A Short Distance IR Hand Sweep On-Off Sensor

- Operating voltage: 12vDC
- Output Voltage: 12 V
- Output type: Double output
- Detection range: adjustable 10-80 MM
- Max Power Load: 36 W
- Delayed off time: none
- Field of application: DC, constant pressure
- Load current: 3A optional
- Standby current: 10mA
