

MD1166

Hand Held Metal Pointer

- Highly Sensitive hand held metal pointer for precision detection
- Highly effective in detecting even the smallest of metallic objects
- IP66 protection: Waterproof and dustproof
- Suitable for jewellery shops, or enterprises working with small metal parts, metal hunting in rugged environments, utility pin pointer for locating metal pipes, conduit, nails etc
- Works with pin point mode as well as 360° side scan mode for larger objects
- The device comes with an built-in scrapping blade and a holster
- Automatic tuning for precision detection
- LED light for low light uses

Specification for MD1166	
dimension	(l) 229 * (W) 38 * (h) 22mm
Weight	200G
Proportional Audio	Vibration pulse rate
Power consumption	270 MW
Operating frequency	12 kHz
Working current	less than 50ma
Working temperature	-37-70°
Water & Dust	IP66
