

TCON

Nylon T Connectors Male And Female

- Model number: QP44
- Number of Memory Sticks: 2
- Current rating: 50 a
- Item Weight: 50 g
- These connectors are made from high-temp nylon with gold-plated spring pins or sockets molded in.
- The shape of this generic Dean Connector prevents reverse polarity, and when plugged in the connection is super-solid.
- Perfect for applications that require a high current draw, up to 65A continuous draw.
- This connector is perfect to connect your RC and Robotics Electronics to a Battery.
- Made from high-temp Nylon and gold plated spring connectors, both included in the injection mold at the time when forming the connector.
- The Deans ensures a solid high-amp connection, perfect for applications up to and beyond 65A constant.
