

CLP28F

PIN HOLE LENS 2.8MM + "650"

- 2.8mm CCTV Lens, F2.0, HD 1.3 million pixels
- As a replacement for the 1/3 inch CCTV camera security system, the mount is M12.
- Easy to install and disassemble, does not affect the installation and use of other accessories. After installation, your equipment is as good as before.
- Fine craftsmanship and professional materials, good hand feeling, good work performance and excellent long-term use.
- With high-resolution images, good colour rendering and low distortion. It gives your camera a wide and clear view.
